

MySampleCloset.com[®]

Setting the standard for **E-Sampling** since 2006

Developed in 2006, MySampleCloset.com[®] became one of the first commercially available **E-Sampling** platforms. Now in its 3rd generation, MySampleCloset.com[®] is one of the most mature, stable, and successful **E-Sampling** solutions.

The ever increasing preference for online access to pharmaceutical information and sample ordering, combined with the challenges of “no see” or “seldom see” practices has made E-Sampling an imperative component within every company’s sampling initiatives. MySampleCloset.com[®] provides convenient access to the practitioner and proven ROI to your company and its brand teams!

The many customizable facets and configurable options of MySampleCloset.com[®] provides unique sample offers that follow each client’s Corporate and Brand image as well as adherence to your brand’s unique business rules. MySampleCloset.com[®] features:

- A custom corporate and brand based login/registration page
- Both corporate and brand based banner imagery throughout your sample offer
- Product images and custom product descriptions
- Full “FDA reviewed” compliance with CFR 21—Part 11
- The ability to offer Rx, Controlled Substance, OTC, and Literature
- Offer restricted to designated “target file”
- Offer by designated specialties
- Real-time MD, DO, and Mid-Level Validation
- Minimum order quantity
- Maximum order quantity
- Allocation period
- Open AOC samplability
- “Order Intercept” for covered territories
