

KNIPPER EASI™

Exchange of Aggregated Serialized Items

Service to aggregate
your unaggregated
products for DSCSA

Under the Drug Supply Chain Security Act (DSCSA), all serial numbers in each shipment must be provided to the buyer in a transaction document after November 27, 2023. Pressure is on now to supply serialization so that inventory throughout the supply chain is updated before the deadline.

The US supply chain participants have decided to allow child to parent aggregation of serial numbers and inferring the contents of sealed cases or pallets based on data collected when the item was aggregated.

Knipper EASI is a service to aggregate the contents of your cases and pallets before your packaging systems have been updated, providing a solution today and taking the pressure off updating and validating your packaging systems. Your products can be ready now!

*Your partner
in secure
logistics and
serialization in
life sciences.*

- ✓ DQSA/DSCSA Compliant, cGMP and 21 CFR part 11 processing.
- ✓ Offered with other 3PL services – we will make your inventory ready now!
- ✓ Knipper 3PL can provide your buyers with serialized transaction documents now.
- ✓ Data retained and can be provided to your serialization system.
- ✓ And with Knipper SEAL Premium, we manage all your serialization needs.

THE KNIPPER 3PL ADVANTAGE
