

CUSTOM PHARMACY SOLUTIONS

Highly personalized, focused and responsive.

KnippeRx[®]

Custom Pharmacy Solutions

Care. At the speed of need.

Custom Pharmacy Solutions

Care. At the speed of need.

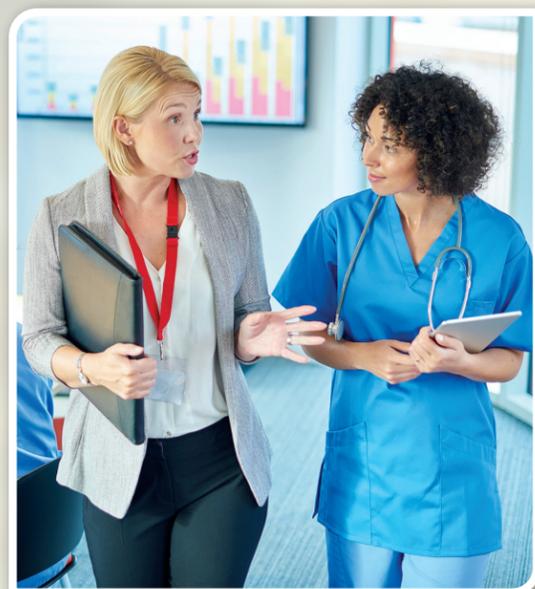

THE SHORTEST PATH POSSIBLE FROM SCRIPT TO THERAPY.

KnippeRx is an affiliate of J. Knipper & Co., an acknowledged leader in the Life Sciences for than thirty years. We employ a personal, consultative approach, partnering with clients, practitioners and patients to design innovative, effective solutions that are driven by market insight and data to ensure maximum return on our clients' investment and ultimately to improve people's lives

Our clear concentration enables us to provide exceptional services to manufacturers, patients, providers, and payers—never before offered in the specialty care environment.

- ▶ **A highly nimble, independent specialty pharmacy.**
- ▶ **Proprietary technology solutions that remove barriers to therapy.**
- ▶ **A patient-centric approach for care at the speed of need.**

COMPASSIONATE AND CARING SUPPORT.

The singular focus of KnippeRx enables us to more closely connect to the needs of all of our customers, and simultaneously strengthens provider-patient relationships. It also leads us to the collection of strategic data that uncovers additional disease-specific insights and helps to refine the specialty pharmacy process and improve patient outcomes.

Among the many therapeutic areas served by KnippeRx are:

- ▶ Oncology
- ▶ Autoimmune/inflammatory diseases
- ▶ Hepatitis C
- ▶ Hemophilia
- ▶ Genetic disorders
- ▶ Human immunodeficiency virus (HIV)
- ▶ Antirejection (transplantation)
- ▶ Lysosomal storage disorders
- ▶ Metabolism disorders

CUSTOM PHARMACY SOLUTIONS

▶ SPEED TO THERAPY:

Dedicated specialists efficiently navigate through the complex maze of utilization and financial access barriers and provide time-sensitive support to patients including:

- ▶ Same day processing of Rx received*
- ▶ ePriorAuthorization technology reduces cycle times to as little as 48 hours
- ▶ Assistance with appeals processing
- ▶ Rapid delivery using select last mile carriers and courier services.

* Same day service level agreements by contract based on individual programs

▶ FLEXIBLE HUB SERVICES:

Scalable services fit manufacturers' needs for a vast array of product categories including limited distribution specialty products:

- ▶ Comprehensive benefits investigation
- ▶ Accelerated electronic prior authorization
- ▶ Free Trial enrollment processing
- ▶ Bridge programs
- ▶ Income verification for free goods program qualification

▶ CLINICAL CARE:

Highly knowledgeable clinical specialists offer comprehensive assistance with each unique and complex therapy:

- ▶ One-on-one contact with caring clinicians throughout the therapy journey
- ▶ Clinicians are available online or by phone
- ▶ Patients navigated through the importance of persistence, therapy administration and training, and the management of side effects and multiple medications

▶ SPECIALIZED SERVICES:

3PL SERVICES: Considerable cost reductions through specialty distribution and patient dispensing within the same KnippeRx location

CLINICAL TRIALS DISTRIBUTION: Co-located VAWD accredited distribution facility centrally located within minutes from the UPS World Port in Louisville, KY.

FREE GOODS PROGRAM – NON-COMMERCIAL DISPENSING:

- ▶ Highly unique patient centric online and traditional enrollment processes
- ▶ PAP Qualification & Administration
- ▶ End-to-End Management of Bridge Programs, Free Trials and more
